**RE:** Change to Exam Application Requirements

Effective immediately! It is now required that an eye bank's technician trainer observe a candidate for the Certified Eye Bank Technician Examination and sign the Practical Performance Competency Verification section of the exam application. This is in addition to the current requirement of the Medical Director.

If you have any questions or concerns regarding this new requirement for eligibility to sit for the CEBT Examination, please contact Malene Ward at 202-775-4999, ext. 16.

The above revisions apply to all other related documents that contain language taken from the *Criteria for Certification and Recertification of Eye Bank Technicians*.
