To Whom It May Concern:

Please take note of my professional support of Chris Stoeger for service on the Eye Bank Association of America's Board of Directors. Mr. Stoeger is a conscientious and consummate eye banker with a strong ethical base.

Even as a young eye banker, Mr. Stoeger was active and pragmatic. His ability to be diplomatic while driving action has always be a quality of his that I both admire and attempt to emulate. With experience in bookkeeping for a rather large, multi-center operation, Mr. Stoeger is adept at the fiduciary aspect of Board responsibilities, while bringing a history of technical operations savvy and an almost supernatural knack for systems improvement. The content of this letter of support does not fully embody Mr. Stoeger's skills and experience, but should effectively convey my respect and admiration for his methods and intellect.

The EBAA will be lucky to have Mr. Stoeger serve on the 2018-2020 Board of Directors. Please strongly consider adding him to the ballot.

Sincerely,
Brian Philippy, CEBT
