

## Group CEU Request Form

If you purchase the “Group Training” option for an educational session, up to 15 individuals from your eye bank may receive CEU credit for the session. In order for those individuals to have access to the session, please send the list of names to [Genevieve@restoresight.org](mailto:Genevieve@restoresight.org). Please note that all individuals will need to have an eyeLEARN account in order to have access to the session. To activate and log into your eyeLEARN account, simply use your EBAA credentials that you use to log into the EBAA Member’s Section. Once Genevieve has received the list of names, and their accounts have been activated in eyeLEARN, Genevieve will give each person access to the session, and they will be able to view the session and obtain CEU credit.

**If you prefer to watch as a group, please use this group signature sheet to claim credit.**
