To: Stephen C. Kaufman SCK@UMN.edu

Dear Dr. Kaufman, Please accept this email and pass it on to the nominating committee as it is my distinct pleasure to support your candidacy for the board. I can not imagine there is any other physician who has shown more commitment to the organization and its mission than have you. The association would be well served I am confident to have your knowledge, reason and expertise on the Board of Directors. I urge you to make all the membership aware of your interest, past service and dedication should there be any who are unaware of your many attributes.

Thank you, Ellen
