

## ACCREDITATION INSPECTOR'S PLEDGE

As a member of EBAA's Accreditation Board, I hereby pledge that:

- I will respect the confidential information and intellectual property of all eye banks with which I interact
- I will not disclose confidential information or intellectual property to anyone, except in the course of my service on the Accreditation Board
- I will not use the knowledge I obtain during an accreditation inspection to replicate the policies, processes or products of the inspected eye bank without the express permission of the CEO of that eye bank
- I will protect the confidential information of the eye banks I inspect with at least the same care I take in protecting my own eye bank's information

Furthermore, I pledge that:

- I will fairly review and evaluate the banks I inspect without bias or consideration of the bank's relationship to my bank or to others
- I will review all materials submitted by the inspected eye bank prior to my arrival on-site
- While on-site, I will dedicate my full time and attention to the inspection
- I will review, understand and faithfully interpret EBAA's Medical Standards and other guiding documents
- I will contact the Accreditation Board Chairs or EBAA staff if I have questions about the interpretation or intent of the Medical Standards or other guiding documents
- I will maintain the confidentiality of all Accreditation Board proceedings before, during and after its meetings
- I will disclose any conflicts of interest for potential inspection assignments

I understand and agree that failure to honor this pledge could result in my removal from the Accreditation Board and in disciplinary action against my eye bank.
