

Dear Doctor:

The loss of vision can be devastating—you see it every day. When corneal surgeons like you need access to high-quality tissue to assure the best patient outcomes, they turn to [EBAA-accredited eye banks](#). Why?

First and foremost, it's what we've delivered for nearly sixty years. **Safety First, Innovation Always** isn't just a slogan—it's how EBAA-accredited eye banks operate every day.

LET'S LOOK AT THE FACTS	
<b>60 YEARS</b> <small>60-year legacy of high-quality, innovative service</small>	<b>2 MILLION</b> <small>2 million cornea transplants facilitated since 1961, restoring the gift of sight</small>
<b>RIGOROUS ACCREDITATION PROCESS</b> <small>EBAA's accreditation process draws on the knowledge of experienced surgeons and professional eye bankers</small>	<b>MEDICAL STANDARDS</b> <small>EBAA's Medical Standards are recognized by the American Academy of Ophthalmology</small>

But it's far more than numbers with us; it is trusted partnerships. Since 1961, our eye banks have earned the trust of corneal surgeons to deliver safe, high-quality tissue for every transplant, every time.

Learn more about how Eye Bank Association of America can be a partner for you and your work [here](#).

Sincerely,

Kevin P. Corcoran CAE  
President & CEO  
Eye Bank Association of America
