To Whom It May Concern:

Please accept this letter as support for Dr. Michelle Rhee as a candidate for the EBAA Board of Directors. I have known Dr. Rhee since 2015 when she attended the EBAA Physicians' Leadership Program. Since that time, I have worked with Michelle on various committees and Boards and have watched her grow into a confident and capable Medical Director who readily offers her time and expertise to the EBAA. She has served as the Medical Director of The Eye-Bank for Sight Restoration since 2014 and is currently an Associate Clinical Professor of Ophthalmology at the Icahn School of Medicine at Mount Sinai

Dr. Rhee is an excellent candidate for the EBAA Board of Directors. In addition to serving on various EBAA committees and the Medical Advisory Board, she has served as the Chair of the Scientific Programs Committee and Co-Chair of the Accreditation Board. She currently serves as faculty for the Physicians' Leadership Program and is the Inaugural Editor-in-Chief for the Eye Banking and Corneal Transplantation journal. She possesses a strong intellectual curiosity and has a collaborative nature, both of which will be beneficial to the Association as a Board member.

In summary, Dr. Rhee possesses the skill sets needed by the EBAA Board as it navigates the ever-changing environment of eye banking. She has proven herself to be an asset to the EBAA and I recommend her without reservation.

Please feel free to contact me if I can be of any further assistance.

Sincerely,

Donna Drury, MBA, CEBT
