RE: Letter of Support for Winston Chamberlain, MD, PhD

This is a strong letter of support for Winston Chamberlain, MD, PhD for the office of Chair Elect of the EBAA.

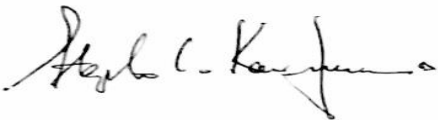

Dr. Chamberlain has served on many EBAA panels & committees, such as:

Physicians leadership conference 2011.  
Accreditation board—2012 till present  
Medical Advisor board 2015 until present  
Medical advisory board Co-chair 2018-2012  
Medical advisory board Chair 2021- present  
Policy and Position Review Subcommittee 2018-present  
Board of Directors 2021-present.

Of note is Dr. Chamberlain's attainment of an MD and PhD, which affords him a unique additional perspective on the many diverse EBAA issues.

Furthermore, the office of Chair Elect requires a significant time commitment. Dr. Chamberlain has demonstrated his time commitment to the EBAA and a true dedication to the mission of the EBAA. I have worked with Dr. Chamberlain for many years and am confident that he will be an excellent Chair of the EBAA.

Respectfully,

Stephen C. Kaufman, MD, PhD  
Professor and Vice-Chair of Ophthalmology  
Director of Cornea and Refractive Surgery  
Medical Director of Ophthalmology  
University of Minnesota
