I would like to give the highest recommendation for Winston Chamberlain for the office of Chair Elect of the EBAA. I have known Win for over a decade now, and he is more than qualified for this position and to lead the EBAA. Win is an accomplished physician, leader, innovator, and a fantastic person.

As you know, Win has held the following positions within the EBAA and has performed admirably:

Physicians leadership conference 2011
Accreditation board 2012-present
Medical Advisory board 2015-present
Medical Advisory board Co-Chair 2018-2021
Medical Advisory board Chair 2021-present
Policy and Position Review
Subcommittee 2018-present
Board of Directors 2021-present

Please let me know if you have any further questions about my letter or my recommendation for Win.

Christopher S. Ketcherside MD
