

LIONS MEDICAL EYE BANK
and Research Center of Eastern Virginia

March 11, 2025
Eye Bank Association of America
Washington, DC
Attn: EBAA Nominating Committee
EBAA Membership

Dear Fellow Eye Bankers,

It is my pleasure to submit support for Sean Poppoff to be an At-Large member of the EBAA Board of Directors.

Sean has been involved in ophthalmology for a number of years and has been the Executive Director of Lions Gift of Sight for six years. I have known Sean for many of these years and I find him to be innovative, professional, caring, and a true proponent of collaboration. Sean's greatest asset is his desire to seek information and ask questions that can pivot his initial direction or opinion. This an invaluable asset to any organization.

Engaging with some the sharpest minds in ophthalmology and eye banking, Sean has developed an eye banking program that meets or exceeds all of the goals of our profession when it comes to safety and compassion. Sean is a Mission driven individual who has the best interests of the eye banking profession always at the fore of his decision making. He will assist the board, the Chair, and the CEO of EBAA by being a competent, unbiased supporter of our common goals.

I enthusiastically encourage you to support Sean Poppoff for Director At-Large on the EBAA Board of Directors.

Very Sincerely,

David E. Korroch, CEBT
Executive Director & CEO
Past EBAA Chairman of the Board
EBAA Heise Awardee
