

I am writing to recommend John Lohmeier for a position on the Board of Directors.

Over time, I have had the opportunity to observe John's contributions through his involvement with the MAB and other aspects of the organization. His insights have consistently been thoughtful, measured, and valuable, particularly on topics that are highly relevant to the organization's current priorities. He approaches discussions with a clear sense of purpose and a willingness to engage constructively.

I have a strong respect for John's commitment and his well-considered perspectives on a range of important issues. He demonstrates a high level of engagement and brings a practical, informed viewpoint to conversations, which would serve the Board well - especially as the organization navigates upcoming challenges and changes.

John's steady involvement and the quality of his input over time reflect the kind of leadership and dedication that are important at the Board level. I am confident that he would contribute meaningfully and thoughtfully in an at-large capacity.

Based on these qualities, I believe John Lohmeier would be an excellent addition to the Board of Directors.

Sincerely,

Win Chamberlain
